Re: Request for Mining Update, MMG Mining, Bald Knoll, S/025/012, Kane County, Utah

Dear Mr. Carter:

The Division has recently been contacted by Mr. Trevor Leach regarding reclamation at the Bald Knoll site. We did not receive an annual report for 1997 for this project to know of your intentions. A letter and annual report form was sent to you in December requesting this information. Another annual report form (MR-AR) is enclosed for your use.

If you are planning on doing reclamation at the site in the near future, please contact me to arrange a site visit before reclamation activities commence in order that we may go over the reclamation standards to assure successful results. Mr. Leach has raised concerns over the outcome of this project and would like to be assured that his land is going to be returned to a useful state.

Please contact me at (801) 538-5321 at your earliest convenience to provide an update of your plans. Please return your completed annual report form by May 29, 1998. Thank you for your assistance and prompt attention to this matter.

Sincerely,

Tom Munson
Reclamation Specialist
